UNIDENTIFIED
FLYING - OBJECT
REPORT FORM

2nd report

The following questions will be asked of the observer of an unidentifiable object:

1. What was the shape of the object? Unknown *odd. Circular at edge of frame. Longish, pointed at one end. Shape.*
2. What was the size of the object? About size of large star
3. Was the object colored? bright & twinkling ✓
4. How many objects were sighted? one

5. Were they flying in any particular formation? If so give brief description of formation. N/A

6. Did the object's shape resemble a normal plane in any way? No

7. Was there any trail or exhaust? If so give brief description? No

8. What sort of power would you say it had? Jet? Rocket? Other? None

9. How fast do you think it was going? Not moving

10. Did the object make any sound? If so describe? no

11. What type of movements or maneuvers did the object make? None ✓

12. What was its manner of disappearance? Did it go into a cloud? ✓

Still visible at 0030 CDST 17 May 58 ← i.e. standing still no movement

13. Were there any other unusual features? No ~~XXXXXXXXXXXXXXXXXXXX~~

14. What time was this sighting made? ~~XXXXXXXXXX~~ 0030 17 May 58 ✓

15. How long was the object? Unknown ✓

16. Did you use any type of Optical equipment, such as telescope or binoculars? No

OVER

17. Where were you when the object was sighted? Drummond, Wisc (PB42B)
18. What was the direction and distance from you of the object?
North $1\frac{1}{2}$ Mile
19. In what direction was it going? Not moving
20. How high was the object? Very High
21. What was the weather like at the time and place of the sighting?
Clear
22. Would you give me your name and address? Telephone?
Mrs. [REDACTED] Drummond, Wisc
23. Do you happen to have any particular experience such as flying or amateur astronomy?
No

This information will be passed to the appropriate Radar Station without delay, and a routine entry made in the Radar Teller's log to that effect. The report will then be placed on the Detachment Commanders Desk for review and coordination with the Director of Intelligence, HQ 31st Air Division.

TIME AND DATE OF REPORT 0819 CDST 17 May 58

BY S/Sgt Gary D. Boyd

[REDACTED] Reported this object last evening and took pictures of it which are being forwardt to this Detachment for necessary action.

Since then she has become convinced it was just a star although it appeared much larger in the early evening. At 0030 CDST it appeared to be an ordinary star.

Information passed to Galahad at 1330Z

S/Sgt Gary D. Boyd

Concur²: brilliant, twinkling, size
of a star, ~~the~~ apparent
movement. (Sinner in words)
etc - three (3) bright

1. Photographic film and prints pertaining to Hanson UFO sightings have been examined and because of the extremely poor photographic results, no analysis of subject can be made except the tree tops in two of the photographs. The complete roll of film shows developing streaks, fuzziness, pin holes, light ~~and~~ fog throughout, with absolutely no identifiable subject other than tree tops.

TO: Commander, 31st Air Division (Defense), ATTN: Intelligence Officer,
Snelling Air Force Base, St. Paul 11, Minnesota

AFCIN-4X2c

1. UFO report and enlargements of prints have been thoroughly examined.
Briefly, our analyses indicate the following:

AFCIN-4X3

a. Even under magnification, prints show absolutely no identifiable object other than tree tops, developing flaws and streaks, pinholes, light, and fog. No indication made, by circle or arrow, which of these were considered as UFO's by Sources. The photography is exceedingly poor.

AFCIN-4X4

AFCIN-4X5

b. There is no compelling reason to conclude that the object observed was other than a very bright star; object observed for over one hour, standing still, bright and blinking.

AFCIN-4A

c. There were three stars of first magnitude brilliancy in the sky at the times and places given: VEGA (to the NE), ARCTURUS (overhead and slightly N), and REGULUS (W-NW).

AFCIN-4B

2. Report form submitted does not provide all the EEI's required, and is not in conformity with paragraphs 15 and 19, AFR 200-2, "Intelligence Units," dated 8 February 1958, whose directives are mandatory for intelligence units.

AFCIN-4C

3. In compliance with paragraph 19c of aforementioned Air Force regulation, attached are the prints and negatives submitted for return to source.
